## THE NEWS OF THE WEEK.

A Daily Resume of Latest Happenings.

APRIL 3.

The jury in the case of James W. Hess, charged with the murder of Mrs. Martha McCallum Martin, returned a verdict of guilty and fixed the defendant's punishment at death.

A battle between crusaders controlled by the Government and revolutionary forces in Santo Domingo is hourly expected. Fighting is hourly expected. Fighting is hourly expected.

Gov. Beckham has fixed May 15 as the date for the execution of John Black, colored, of Louisville, and William McCarty, of Lexington. A motion for a rehearing has been filed in Black's case.

The stomach of Mrs. L. C. Wilson who died at Olive Hill yesterday, presumably from poisoning, has been taken to Cincinnati for chemical analysis. Mrs. Marie Ferguson, who is charged with poisoning Mrs. Wilson, is in jail at Grayson.

Dr. Godfrey Hunter, former United States Minister to Guatemala and Honduras, made another attempt to have his charges against Consul McNally pressed. Secretary May decided that there was nothing in Dr. Hunter's evidence to warrant reopening the case.

Secretary of War Root has written a letter to the editor of the New York Evening Post in reference to the charges of cruelty to Filipinos, brought against him. He declares that the charges have been investigated and each time found false.

Announcement is made at Washington that on May 1 \$3,000,000 worth of Philippine gold certificates in coupon form will be issued. The certificates are of \$1,000 denomination and bear interest at the rate of 4 per cent, payable quarterly. They are redeemable in United States gold coin one year from date of issue.

The trial of the suit involving the control of the Southern Pacific Company was begun at Nashville before Federal Judge Lorton. Attorney Lantieri, for the Keene interests, charged the Union Pacific directors with exercising their control of the Southern to divert traffic to the Union Pacific. Mr. Alex P. Humphrey made the opening speech for the Harrison interests. He read an affidavit by Harrison in which the latter charged that Keene had attempted to coerce him into buying the Keene holdings by threats of legal proceedings. The hearing will be continued today.

The attorneys for Jim Howard have notified Commonwealth's Attorney Franklin that they will offer next Tuesday in the Franklin Circuit Court a motion for a change of venue to some adjacent county other than Scott county. They have also demanded that they be furnished a transcript of the evidence of Henry E. Vontsey before the grand jury. The object of the effort for a change of venue is believed to be to avoid bringing out Vontsey's evidence for the first time at the trial of Howard, his attorneys seeking to have it first brought out at the trial of Calab Powers at Georgetown in May.

Workmen representing almost every craft walked out in numerous cities and mines yesterday, until the total number of strikers reached into the thousands. Demands for increase in wages and recognition of the union were the reasons most frequently given for the strikes. In Indiana 10,000 bituminous miners went on strike. A building trades strike that will involve 15,000 to 20,000 men was inaugurated in New York. In a few instances the day was marked by increases in wages of workmen. The award of the Anthracite Coal Strike Commission went into full effect.

The temporary injunction granted to restrain the employees of the Wabash railroad from striking was dissolved. United States Judge Adams, from whose court the injunction issued, returned the decision. He found that the railroad failed to sustain its charge that the employees were satisfied and the strike maliciously ordered against their will. He further announced that there was no evidence showing intent or conspiracy on the part of the union leaders to hinder interstate commerce, or the transmission of mails. Railroad officials and union leaders will make every effort to reach an agreement before permitting the strike order to be carried out.

APRIL 4.

The State Board of Equalization has taken preliminary action on the assessments of the counties of the First appellate district.

A. A. Winslow, of Indiana, has been appointed secretary of the United States legation at Guatemala to succeed J. H. Bailey, of Kentucky.

Secretary of War Root and Senator Lodge were the principal speakers at a banquet given by the Home Market Club in Boston. The former discussed the tariff.

A person was burned beyond recognition and eight others were injured in a panic in which twenty-two families were driven into the street in a New York tenement-house fire.

The residents of Helena, Mont., were terrified by an earthquake. More than 5 acres of bluffs were carried a distance of 600 feet and deposited in the White Fish river.

The Treasury Department is completing its plans for the establishment of a temporary customhouse on the grounds of the St. Louis Exposition, in order to facilitate the entry of foreign exhibits.

Conditions on the lower Mississippi are improving slowly. The effort to close the Hymettus crevasse promises to prove successful, as the ends of the work were joined yesterday. The river last night was at New Orleans.

Mr. Harry G. Tandy, of Paducah, has announced his withdrawal from the race for the Democratic nomination for Secretary of State. His withdrawal leaves Mr. H. V. McChesney, of Livingston county, without opposition, entries having closed April 1.

The Venezuelan Congress in special session authorized President Castro to ratify the protocols with the creditor nations. The authorization was made with the express provision that the ratification should not constitute a precedent in any way recognize the legality of the means used by the allies to collect the debts.

Marines from the United States cruiser Atlanta were landed at San Domingo City to protect property. A pitched battle is expected if forces attempt to recapture the capital from the revolutionists. Disturbances are reported from Monterey, Mex., where four men were killed and a large number wounded as the result of a political riot. Further outbreaks in the Italian States are feared, and the Italian is rushing troops into Albania.

President Roosevelt spent yesterday in Chicago. He visited Northwestern University in the morning and made a short speech to the students. In the afternoon he received the degree of LL. D. from the University of Chicago and laid a corner-stone for one of the university's new buildings. A banquet was attended at dusk and at night Mr. Roosevelt addressed an audience of several thousand persons on the Monroe Doctrine. He will visit Milwaukee today.

The hearing of the argument in the Southern Pacific case was resumed before Judge Lorton at Nashville. Court adjourned while the closing argument was being made by Senator Foraker for the Union Pacific. The hearing was continued today. The most important point raised during the day was that of the jurisdiction of the court. The defendants argued that the Union Pacific was not before the court. The plaintiff's attorneys took the ground that the Pacific was before the court as a stockholder of the Southern Pacific.

Another conference between the officials and employees of the Wabash road was followed by a statement that only minor details remain to be adjusted. The danger of a strike is said by those interested to have passed.

The Mississippi river rose slightly at New Orleans yesterday, probably due to the reduction of the discharge of water at Hymettus. There was a break in the levee at Hollybrook plantation, six miles below Lake Providence, which will overflow valuable cotton lands.

Profron Combs, of France, announced in the Chamber of Deputies that his reason for not accompanying President Loubet to Albi lay in the threatening attitude of the religious orders and

their supporters. He declared that the clerical party is openly threatening violence and armed resistance to the enforcement of the act disbanding the religious orders.

Speculation has been started as to whether President Roosevelt referred to the recent utterances of Admiral Dewey when in his speech on the Monroe Doctrine in Chicago he enjoined against "boasting and blustering" about the doctrine. The President repeated the advice yesterday in a speech at Waukegan, Wis., when he described his foreign policy to be in substance: "Don't boast; don't insult any one."

The Allied Powers have returned the final protocols, dealing with the Venezuelan question, with a new stipulation inserted. They raise the question of the cost of the blockade, asking that the United States should pay it. The demand is regarded as a loophole for indirectly securing a preferential payment in case the tribunal decides against their direct demand that they be paid first.

Before the Milwaukee Merchants' and Manufacturers' Association the President delivered his speech on the "trusts," heralded as one of the important expressions of his western trip. He declared that the important legislative and administrative steps of the last eight months represent substantial achievement toward a solution of the trust question, and said it would have been impracticable to attempt more than has been done in the way of legislation. He praised Attorney General Knox as a fearless public servant.

A disastrous storm swept over portions of Southern Indiana yesterday. At Washington the damage is estimated at \$25,000. A church, a residence, a school building and probably twenty barns in the vicinity were wrecked. A little girl was seriously injured at a schoolhouse four miles from the city. At Oakland City a factory was blown down and one man sustained probably fatal injuries. At Alexandria a farmer was fatally injured and his ten-year-old daughter was killed by a falling tree. Serious damage is reported at other places. The storm was felt in Kentucky and was especially severe in Woodford county, where two barns and a residence were wrecked, and other property was damaged. The storm was followed by a cold wave which threatens destruction to the fruit crops. In Chicago many wires were prostrated yesterday by a gale followed by a heavy wet snow.

A banquet was given at Ironton, O., Saturday night by the Lawrence county fair in honor of Judge John K. Richards. Former Lieutenant W. J. Worthington, of Kentucky, was one of the speakers.

There were no developments of importance yesterday in the cloud situation on the lower Mississippi. The river is still rising slowly at New Orleans and no new breaks are reported in the levees.

Fears are expressed that the steamer Itambara bound for French West Africa with a cargo of 95,000 pounds of gunpowder, has been blown up by an explosion. Two captains report seeing a mysterious dash on the waters.

Private advices received in Washington indicate that it is impossible, as yet, to take a poll of the newly-elected Colombian Congress with reference to the canal treaty. The report that Senator Concha, former Minister to the United States, is actively opposing the measure is denied.

Dr. W. D. Crum, the negro appointed by President Roosevelt to be Collector of the Port at Charleston, S. C., may resign. It is said that a friend of President Roosevelt recently told him that such a course would prevent further bitterness and at the same time better the President's position.

John W. Hay, attorney for Executive Committee Chairman C. M. Meacham and the Hon. J. K. Hendrick, has filed a petition with the Clerk of the Appellate Court asking for a rehearing in the Meacham anti-trust injunction suit. A separate petition in the Beckham mandamus case will be filed Monday.

Commonwealth's Attorney Franklin has served notice on Jim Howard's attorneys that he will be ready to present proof in opposition to the motion for a change of venue. Judge Thomas H. Gordon will not appear as counsel for Howard at the coming trial. His place probably will be taken by Mr. W. M. Smith.

The Civil Service Commission has issued a report announcing that the retirement from office of Surveyor General C. C. Goodale, of

Colorado, was due to charges brought by the commission. The report states that Goodale levied political assessments against the employees each month, the clerks referring to the system as the "dog tax."

G. Hallman Sims was arrested at Atlanta on a charge of embezzlement. It is alleged that he robbed the Central City National Bank of \$91,000, the thefts extending over a period of several years. The arrest caused a sensation on account of the prominence of Sims' family and the fact that he moved in the most exclusive social circles of the city.

The Chicago grand jury reconsidered its action and withdrew the true bills drawn against seven prominent members of the Board of Trade. The action was taken after hearing new evidence. A member of the Board of Trade declared that the bills were drawn on misleading evidence furnished by racket-shop men with whom the board is at war.

President Roosevelt's Chicago speech, which was reported in full by the London newspapers, is the subject of much favorable comment by the English. His expressions are regarded as proclaiming a sound foreign policy for the United States. The only disappointment expressed is that England and Germany share the compliments equally, the Londoners having expected the lion's share of the bouquets.

The examining trial of Mrs. Marie Ferguson, charged with poisoning Mrs. L. C. Wilson at Olive Hill, was called at Grayson yesterday and passed until next Wednesday, the chemical analysis of Mrs. Wilson's stomach not being completed. So far the chemists, it is stated, have found no traces of arsenic. Mrs. Ferguson, in a statement made yesterday, claimed that she gave Mrs. Wilson a dose of emolument by a physician's order, and later at the patient's request gave her some acetanilid.

The labor troubles of the Wabash railroad were terminated yesterday by a peaceable settlement. The firemen were granted an increase of 12 per cent, and the trainmen 15 per cent, in wages. The rules of service were completely revised. The employees received about everything they had demanded. The men were at one time on the verge of a strike, which was prevented by a temporary injunction. After the injunction was dissolved there was a resumption of the efforts to obtain a peaceable settlement.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Pilets; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 10 cents, guaranteed, at A. M. Hughes' drug store.

Where one man is called to eminence hundreds are called to usefulness.

After La Grippe--What? Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time.

The transformation of a human life through grace is a stupendous miracle.

A Thoughtful Man. M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at A. M. Hughes' Drug Store.

A man can stand his wife buying his ties if he will let the elgar business alone.

Commissioners of the British Government are on their way to China to investigate the advisability of employing Chinese labor in the Transvaal mines.

Il. P. Brown, of Redlands, who was arrested before Mr. McKinley's last trip to California because he had made threats against the President, has been placed in jail on a vagrancy charge for alleged similar threats against President Roosevelt.

There is a revival of the report that at the annual meeting of the United States Steel Corporation this week the retirement of Charles M. Schwab from the presidency may take place. Il. C. Frick is pointed out as Mr. Schwab's probable successor.

MAY 14th

The Date on Which Our Premium Will be Given Away.

On May 14th, 1903, the News will make the award in the liberal premium offer which has been running for some time, and the holder of the correct number will be notified in the issue of May 15th.

A number goes free with each dollar paid on subscription to the Big Sandy News up to May 14th. The holder of the correct number will have choice of a Solid Gold Gents' Watch, a Solid Gold Ladies' Watch, a Sewing Machine or an Organ.

Don't miss this opportunity. If you are not a subscriber send in a dollar at once. If you are a subscriber, the label on your paper shows the date to which you have paid, and you may pay as much more as you desire. A number is given with each dollar.

Makes A Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Liniment's Anker Salve is the best. It sweeps away and cures Itch, Sore, Brulés, Cuts, Boils, Fleas, Skin Eruptions and Piles. It's only 25c. and guarantees to give satisfaction by A. M. Hughes, Druggist.

The weakness of faith limits the efficacy of grace.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c. and \$1.00. Guaranteed by A. M. Hughes, Druggist. Trial bottles free.

St. Paul measured swords with the sea of the day.

A Chattanooga Druggist's Statement.

Robert J. Miller, Proprietor of the Road House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Sold by Louisa Drug Co.

It requires more faith to accept skepticism than to believe the gospel.

Robbed The Grave.

The Big Sandy people should  
take advantage of the present ac-  
tivity in the valley to make money.  
This can only be done by work.  
The dream that we are to awaken  
some fine morning and find our-  
selves wealthy must be dispelled.  
Many are sleeping away valu-  
able opportunities. There is a  
strong demand for the services of  
all who want work and the remun-  
eration is the best ever enjoyed in  
the Big Sandy Valley. It will not  
always remain this way. "Get  
busy" and lay up something for a  
"rainy day."

Congressman J. W. Hancock,  
chairman of the Republican Con-  
gressional Committee, says the Re-  
publican party should revise the  
tariff. He says, "If it costs \$1 to  
make an article abroad and \$1.25  
to make it in America the tariff  
should be twenty-five cents. The  
minute the tariff exceeds this dif-  
ference it fosters monopoly."  
"Steel furnishes the best illustra-  
tion. Heavy castings in steel and  
iron can be produced in America  
for less than any country in the  
world, yet there is a duty of \$8 a  
ton. This means that American  
consumers pay tribute of \$5 a ton.  
Glass furnishes another illustra-  
tion. A few years ago you could  
buy a box of glass for something  
like ninety cents. Today it costs  
\$3.50. The evil of over protection  
must be recognized."

Carter H. Harrison was re-elec-  
ted Mayor of Chicago Tuesday, de-  
feating Graeme Stewart, the Re-  
publican nominee, by 6,918 votes.  
This is Mr. Harrison's fourth elec-  
tion to the office. Municipal own-  
ership of the street railways fur-  
nished the principal issue of the  
campaign.

In the contests for Council and  
House of Delegates in St. Louis  
the Democratic candidates won by  
majorities ranging from 8,000 to  
10,000.

Republicans made gains in the  
Kansas elections, where the liquor  
question was an issue. In Nebras-  
ka towns party lines were gener-  
ally dropped, where the liquor ques-  
tion was also the issue. Demo-  
cratic majorities were given in a  
number of towns heretofore Re-  
publican. Elections were also held  
Tuesday in Wisconsin, Colorado  
and Oklahoma.

### INEZ.

We fear the recent frost killed the  
fruit.

Lewis Dempsey is in Cincinnati this  
week.

Glad to note the fact that Brother  
Smither, who has been sick for some  
time, is improving. We miss his pleas-  
ant face and kind words of encourage-  
ment, as well as his footsteps.

We are sorry to say Samuel Cassidy  
is very ill.

Men are somewhat like bats. When  
the warm spring days come they begin  
to move. Several moves have been  
made but none dare to leave our town.

James Brown has moved out of the  
Hotel Phoenix and "Mell" Ward has  
taken his place.

Judge William Mead, formerly of  
this town, who moved to Warfield a  
year ago to engage in the lumber busi-

## FALLSBURG.

There are not as many attending  
school now as there were in the  
winter. Some quit an account of  
lagrip and some of them had farm  
work to do.

We have all concluded that Fri-  
day night is a bad night for Liter-  
ary society business, but still none  
of us have seen any mormald yet.

The Odd Fellows had a good  
time last Saturday night at this  
place. Tip Moore was here and  
was the only man in attendance  
that knew anything about the popu-  
lation of China at the present  
time.

Jack Collinsworth will soon have  
his store house at Fuller's station  
ready to put goods in. The roof is  
on and all of the inside work will  
be done in a short time, and then  
there will be two stores at Fuller's  
station.

Nearly all the farmers are be-  
hind with their work on account  
of so much wet weather.

The road from here to Fullers  
station is in a bad condition.  
Wherever there is clay it is almost  
impassable.

Almost everybody seems to think  
that the last freeze killed all the  
fruit.

David Thompson has more oats  
sowed than anybody on Horseford.

The Horseford Sunday School  
was organized last Sunday and  
will be continued until winter  
weather stops the children from  
coming.

Eggs are cheap and everybody  
will eat eggs until they are satis-  
fied Sunday.

### RUSSEYVILLE.

The firm of Workman & Pigg  
have moved their saw mill to Trap  
branch.

George P. Simer is again one of  
our neighbors, having recently ex-  
changed his town property to A.  
J. Lear for his little farm just be-  
hind the home of Lathier Pigg.

James Compton is at Kavan-  
ough blacksmithing for some con-  
tractors.

Our Juveniles had a fishing party  
this week, in which Carl, Clyo and  
Sol figured rather conspicuously.  
But with all the enjoyments  
attached thereto, the score return-  
ed just at the close of day with the  
usual wet and hungry results, each  
eager to explain that "the big  
fish got back" or was lost off be-  
cause of inferior lines, etc.

Elwood Hutchison, and wife, of  
Torchlight, visited Mr. O'Neal Sat-  
urday. It is their first visit home  
since their marriage, quite a while  
since.

Aunt Mary Thompson, whose life  
has been hanging on a thread, as  
it were, so long, is somewhat im-  
proved, and hopes of her recovery  
are now entertained.

P. H. Holt and Fred Pickle are  
erecting a furniture building for F.  
R. Russey.

The 21 quarterly meeting of the  
Louisa Circuit Ky. Conference of  
the M. E. Church was held here  
Saturday and Sunday, and from re-  
ports in conference session we  
learn the following: spiritually,  
the work is moving splendidly;  
financially, everything paid up to  
date.

Sunday Schools at four of the six  
appointments.

Much credit is due Bro. Cheap  
for his successful efforts thus far,  
though he so sadly regrets that he  
"has no marriages to report" and  
"I can't see why." We then heard  
the Elder say, "This charge is se-  
cond to none in Kentucky confer-  
ence."

On Sunday Rev. Howes, P. E.,  
preached an eloquent sermon to a  
large and appreciative congrega-  
tion.

Hucksin Hess.

Mrs. Geo. Picklesmier is on the  
sick list.

Several young people from Lick  
creek attended quarterly meeting  
here.

Since the roads are getting some-  
better our Sunday School is in-  
creasing. We hope to have a more  
interesting school this summer  
than ever.

C. C. Hays and two daughters,  
Ida and Alma, passed here Monday  
enroute to Louisa.

Mrs. Laura Webb has been very  
sick.

John Workman is moving his  
saw mill to Trap branch.

Misses Nannie See and Itabe  
Isaacs visited Miss Alva Pigg re-  
cently.

Willie Rutledge and Dan Jones  
were here recently.

Miss Sue G. Holt is taking mus-  
ic lessons under Miss Clark at Lou-  
isa.

Misses Lora Picklesmier and  
Fairy Holt visited Mrs. Laura  
Webb recently.

Elgar Chapman, of Lick Creek,  
makes his regular trips here.

Carl Hussey and Clyo Carter  
seem to be very busy driving cattle.

Miss Lizzie O'Neal, who has been  
very sick is able to be out.

Pearl, Ivory and Fairy have  
been breaking the cut (all I bello)  
this week.

A good time is expected here  
Sunday. Everybody come.

### GEORGE HOB.

Mrs. Ferguson, charged with  
poisoning the wife of postmaster  
Wilson, at Olive Hill, has been re-  
moved from the Carter county jail  
to that at Catlettsburg for safe-  
keeping. Threats of a mob are  
said to have been made against the  
woman.

## OUR NEIGHBORS.

Hoyl county Republicans will  
hold a convention May 1st to nomi-  
nate a candidate for Circuit Clerk.

George Delger, of Ashland, has  
bought C. M. Cooper's drug-store  
at Paintsville and will take charge  
of it.

John Middle, aged seventy-two,  
was arrested at Grayson on a charge  
of bigamy and taken to North Car-  
olina.

## Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience.

The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

Two years ago my daughter's health began to fail. I wrote Mrs. H. C. McKim of Green Co., Wis., "Everything that could be thought of was done to help her, but it was of no use. When she began to complain of good health, with all the signs of a good girl, I felt I could not give her up as she was the only child I had, and I was sure for that only for your 'Favorite Prescription' my daughter would have been in her grave today. When she had taken one bottle (bottle the natural function was established and she brought another one, making only two bottles in all, and she was completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 2003 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. K. V. Pierce, Buffalo, N. Y.

## OUR NEIGHBORS.

Cannel City, Ky.—A strange case in the Circuit Court here was that against Ed Wilson for selling whiskey. It developed that Wilson had recently died of fever, also that his lawyer, A. C. Nickel, and his bondsmen, A. K. Allan, had died. The case was dismissed.

Officers raided a large moonshine still on Miner's creek, Elliott county. The still and over a thousand gallons of partly distilled liquor were destroyed. Frank Stamper, the alleged stiller, was captured and lodged in jail at Olive Hill. Stamper broke jail at West Liberty when he was charged with a like offense four years ago, and had eluded capture.

It seems that Rev. Glover did not die in the pulpit, as first reported.

Rev. J. W. Glover, pastor of the M. E. Church, South, at this place, died very suddenly last night at the home of J. U. Hamilton, on Salt Lake, near here. Rev. Glover had been conducting a protracted meeting at the latter place and was staying at the home of Mr. Hamilton. He was apparently in his usual health and no change whatever had been noticed in his condition. Last evening he was taken suddenly ill and passed away at midnight, March 17th.

A desperate battle between factions of the Howard feud, of Morgan county, took place at Lee City Sunday morning, as the result of which one man is dead, two mortally and two desperately wounded. Nick Strickland was stabbed in the abdomen and expired an hour later. Charles McCormick was shot through the neck fatally, and Clay Rose received a bullet in his right side and will die. The others wounded are Billy Manns and Bob Howard, the former shot through the right shoulder and the latter in the left groin. Strickland and Rose are brothers-in-law of Manns.

The feud originated in a graveyard at Caney, where one of the children of Will Howard was being buried. The minister intimated that the Manns boys were reckless in his funeral oration, and the Manns boys charged Howard with asking him to make the reference to them. A fight followed just as the crowd was leaving the little graveyard, and one of the brothers of Will Howard was killed.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Sold by Lousia Drug Company.

## Thousands Have Kidney Trouble and Don't Know It.

### How To Find Out.

Find a bottle or more, with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble. Frequent desire to pass it or pain in the back is also evidence of kidney trouble.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kline's Swamp-Root, the great kidney remedy, fully cures with its curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and swelling pain in passing, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and \$1.00 sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kline, P. O. Box 589, Binghamton, N. Y. When writing mention reading this advertisement in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kline's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## MATTIE.

The farmers are getting ready for a crop. The mud is drying up but the roads are almost impassable.

Mrs. W. H. C. McKimster died April 2d, at 4 a. m., from consumption. She leaves a husband, two small children and a host of friends to mourn their loss. But their loss is heaven's gain. She often shouted the praises of God and said she was ready and willing to go. She was buried in the family grave yard. R. T. Thompson conducted the burial service.

Also, Jerry Jordan, better known as "Uncle Jerry," died April 2d, at 4 a. m. He leaves a wife and 6 children and a host of friends to weep and mourn. He was like sister McKimster, a devoted Christian, always doing a lot of good for the cause of Christ. He was buried at R. T. Thompson's grave yard. Rev. Kelley Fraley officiating.

We will say to the friends of both, if you want to see them again you can find them in heaven.

Coburn Ward is visiting at Wallace Jordan's.

Scotfield Jordan is very sick.

C. C. Hayes and Bird Children were out riding recently.

Mrs. R. T. Thompson is very sick.

Dr. J. O. Moore is kept busy going to see his patients.

Our Sunday School is doing fine, talking of having a day called "Children's Day" soon.

Dora Moore, who has been very sick, is better.

We were sorry to hear of the death of John Perry of Georges Creek. He was a good citizen.

Our creek is coming to the front. We have four mills, three blacksmith shops, three wood churches, six preachers, seven stores, several good citizens, and the loafers are too numerous to mention.

## Due Notice Is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. These persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. The Lousia Drug Co., J. D. Biggs Mgr.

Avoid all drying inhalants and use that which cleanses and heals the membrane. Ely's Cream Balm is such a remedy and cures catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 50 cents at druggists or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Haydon, Attorney at Law, Mammoth, Ill.

The fun a woman has in telling another a secret which she solemnly swears to keep is to see if she can hear her in telling it to her next door neighbor.

## Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup, Hoarseness, etc. It does not pass immediately into the stomach, but draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. The Lousia Drug Co., J. D. Biggs Mgr.

## To Correspondents.

We have received many letters for publication recently which were not accompanied by the names of the writers. As we have stated a few hundred times before, no such communications will be published. We look upon all anonymous letters with suspicion.

## Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Lousia Drug Co.

## RICH CREEK.

Carrots are being sown 'n' oats and clearing corn ground.

Married, April 11th, Ella Carter to Esau Egbert. May peace and happiness be theirs.

Can Berry visited home folks Saturday.

Jack Crumette attended church at Elm Grove Sunday.

Grandpa and grandma Berry visited Sarah Crumette Sunday.

Misses Mollie, Ollie and Hattie Carter attended church at Dry Ridge Sunday.

John Thompson is taking music lessons from Miss Mary Prose.

Set Berry will move to Columbus, O., soon.

Jas. Cumette and Buck Perry will farm together.

Miss Cora Burton attended church at Dry Ridge Sunday.

Misses Lora Poe and Mollie Graham are attending school at Itasca.

Al Crumette will farm with Lyle Hayes this year.

D. G. Berry sold some nice cattle last week.

Misses Mollie Berry and Sue Carter made a buying trip to Blaine Thursday.

Sarah Crumette, who has been very low with la grippe, is improving.

## Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

Send for free sample.

SCOTT'S EMULSION OF PURE FISH LIVER OIL AND HYPOPHOSPHITES.

Preaching here next Sunday by Rev. C. Dean.

We are sorry to say that Mrs. M. E. Lambert, who has been very ill, is better.

Alla Tarnum, of Buchanan, passed through here Sunday enroute to Mr. Meeks.

Herman Lakin, of Zeluda, was at K. V. manum Sunday.

Little Paul Bellomy, son of Zach Bellomy, who has been quite sick, is improving.

A number of young folks visited the Buchanan Chapel Cemetery Sunday.

Thence Vanhorn, of Rowe creek, went to fronton recently.

Vicor Hewlett and Liza Mead contemplated a trip to Ashland in the near future.

We are sorry to say Uncle Thomas Bellomy, who has been ill for some time, is no better.

Lewis Cook went to Buchanan recently.

Born, to Floyd Robinson and wife, a boy.

I never get tired of reading the News and I wish we could get it daily.

A Sweet Breath

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." The Lousia Drug Co., J. D. Biggs Mgr.

## WHO WILL BE WINNERS?

Free Trips to World's Fair For Most Popular Teachers.

### EXHIBIT ASSOCIATION'S BIG OFFER.

One to Be Elected From Every County to the State-Full Details of the Plan—Description of the Kentucky Building to Be Erected at Exposition.

Who is the most popular school teacher in this county?

The Kentucky Exhibit Association wants to know, and this week puts on foot a plan for finding out. Whoever it may be, he or she will be given a free trip to the Louisiana Purchase Exposition in St. Louis next year, the association paying every expense, including railroad transportation to and from St. Louis, six days' board at one of the best hotels in the Mound City, and admission six days to the World's Fair. This is an opportunity that should appeal to every educator in the state. The exhibition will be the greatest international event of the kind ever held, the World's Fair at Chicago in 1893 not excepted. One entire bill is devoted to education, and in it Kentucky will have 2,500 square feet of space. This alone is a sufficient attraction for school teachers, but every building will hold out an inducement to all visitors, so the entire six days to be spent on the grounds will be an invaluable series of lessons that could not be learned elsewhere.

The plan of the Exhibit Association, by which the most popular school teacher in every county in Kentucky will be given this trip to the exposition, is set forth in detail in our advertising columns. It contemplates the selection of the most popular teacher by a vote of the people, given to every school child in the state, his or her parents, sisters, brothers, and uncles and a chance to participate in the election. The right of franchise is denied no one in this interesting contest.

Beginning at once the association will receive at its headquarters in

Louisville votes in ballots of ten each. Everybody is invited to vote on the ballot to be clipped from the plan in another column of this issue. There are ten spaces for votes, each vote representing ten cents. School children may form clubs of ten and send one dollar to the association, and thereby cast ten votes for their favorite teacher. This privilege is also offered to the public in general. It is possible, in fact desirable, for one person to cast ten votes at a time by writing his or her name across the ten spaces and forwarding one dollar to the association.

The association does not require the signature of any voter, but is especially anxious to have all school children sign their names plainly, so they may receive therefrom a list of thousands and thousands of the coming men and women of Kentucky for enrollment in the Kentucky building to be erected at the exposition.

All of the money derived from this plan, over and above the expense of the most popular teachers of the state, will go towards the erection of the Kentucky building at the fair. Those voting in this contest will thus have the satisfaction of knowing that they have not only assisted in the election of their favorite teacher, but have contributed no little to the movement that will result in the most successful representation ever given the state at an exposition of this kind.

The Kentucky building at the fair will cost about \$20,000, and if the interest borne for by the association is displayed in this school teachers' popularity contest, there will be no trouble in erecting the handsome structure out of the dime and dollars of the school children and the public in general. There is no school child in the state that is not able to cast one vote in the contest, and many thousands will cast scores of votes.

The contest is under the immediate supervision of the educational committee of the association, of which Professor H. C. Brownell of Louisville is chairman. Associated with Professor Brownell on the committee are some of the state's best known educators. Some of them, however, will be eligible to election in this contest.

It should be borne in mind that every county selects its own favorite teacher. To stimulate interest, however, the association has determined

Here's the story that is going the rounds:

A boy sat on a rail fence enclosing a cornfield. A city chap passing by, said:

"Your corn looks kind of yellow, huh?"

"Yep, that's the kind we plant!" replied the "boh."

"I don't look like you will grow more than half a crop," said the city chap.

"Nope; we don't expect it; the landlord gets the other half," retorted the boy.

"The stranger-hustler! I don't want to hear that!"

"You're not very far from a fool are you, my boy?"

"Nope; not more'n a foot," said the boy, and the city chap moved on.

Dr. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Lousia Drug Co.
